

What is an MTG HomeStart?

One of our technicians will come to your home or office and professionally set up your new computer.

- Unpack and assemble your system
- Install, configure and test all of your peripherals
- Configure your internet, email and home network
- Transfer your documents, photos, email, music and more
- Install any of your software
- Answer any questions about your new computer

\$149⁹⁹

Includes an hour and a half of setup time, a \$180 value. If the call exceeds this, service will be billed in fifteen-minute increments.
